Marcventures Holdings, Inc. MARC

PSE Disclosure Form 4-31 - Press Release
References: SRC Rule 17 (SEC Form 17-C)
Section 4.4 of the Revised Disclosure Rules

Subject of the Disclosure

Marcventures to Increase its Nickel Ore Production

Background/Description of the Disclosure

Marcventures Mining and Development Corporation ("MMDC"), the wholly- owned subsidiary of Marcventures Holdings, Inc. ("MHI"- PSE: MARC) was granted by the Environmental Management Bureau (EMB) of the Department of Environment and Natural Resources (DENR) an increase in its allowable Annual Nickel Ore Production from Three Million (3,000,000) Metric Tons to Five Million (5,000,000) Metric Tons, representing a Sixty Seven Percent (67.0%) or Two Million (2,000,000) Metric Tons increase in its current production.

MMDC hopes to be able to still take partial advantage of the new tonnage for 2015 banking on possible dryer weather condition predicted for the last two (2) months of the year.

The full benefit of the increase in the allowable production of MMDC is expected to be realized in 2016 and onwards as MMDC expects that their tightly controlled mining costs will allow it to still post margins even with the decline in metal prices.
