PRESS RELEASE

Marcventures Mining and Development Corp. (“MMDC”), the wholly-owned subsidiary of Marcventures Holdings Inc. (“MHI” PSE: MARC), obtained its ISO 14001:2004 + Cor. 1:2009 Certification from TÜV Rheinland Cert GmbH, an International Certification Body performing system certification and training as well as providing third-party audit/certification based on various international standards. The certificate issued in favor of MMDC dated 16 May 2016 complies with DENR Administrative Order No. 2015-07. It confirms that MMDC’s Environment Management Systems implemented for Mining and Shipping of Nickel Laterite Ore and Post-Mining Activities are compliant with International Standards. MHI’s President Mr. Isidro C. Alcantara said that “the certification not only refutes unfounded allegations of MMDC’s environmental deficiencies but the same demonstrates that MMDC is engaged in responsible mining.”

Notably, in April 2015, the DENR required mining companies to secure an ISO 14001 Certificate in support of its effort to enforce environmental compliance and promote responsible and sustainable mining.

ISO 14001:2004 is an internationally agreed standard that specifies the requirements for an environment management system that an organization can use to enhance its environmental performance. The overall aim of such International Standard is to support environmental protection and prevention of pollution in balance with socio-economic needs.

Certificate

Standard **ISO 14001:2004 + Cor. 1:2009**

Certificate Registr. No. 01 104 1633350

Certificate Holder:

Marcventures Mining and Development Corporation (MMDC)
Sitio Banban, Brgy. Panikian, Carrascal,
Surigao del Sur, Philippines

Scope:

Mining and Shipping of Nickel Laterite Ore and Post-mining Activities
