Clarification of News Report

We refer to the Philippine Stock Exchange's ("PSE") request for clarification of the news article entitled "DENR announces closure of 21 mining operations" posted in rappler.com on February 2, 2017. The article reported in part that:

"MANILA, Philippines (3rd UPDATE) – The Department of Environment and Natural Resources (DENR) announced the closure of 21 mining operations in several areas in the country on Thursday, February 2.

"We have decided to close any kind of mining operation in functional watersheds," Environment Secretary Gina Lopez said at a press conference on Thursday.

Lopez, who is still conducting the briefing as of posting, said the mining operations to be closed are of the following firms in the following areas:

• • • •

Surigao del Norte

- Adnama Mining Resources, Incorporated
- Claver Mineral Development Corporation
- Hinatuan Mining Corporation
- CTP Construction and Mining Corporation
- Carrascal Nickel Corporation

- Marcventures Mining and Development Corporation
- Platinum Development Corporation

....”

We clarify that Marcventures Mining and Development Corp. (MMDC) has not received any closure order from the DENR. We observe that MMDC was not mentioned in the press conference held by Secretary Gina Lopez today, 02 February 2017. It may be gleaned, however, from the press conference that the alleged basis of the purported closure order is MMDC's operation in a watershed.

We emphasize the law recognizes MMDC's prior legal right to operate in the area. More importantly, we attest that our operations are done in a responsible manner and can be inspected at any time to show the clean waters in MMDC. We provide below the link to a video showing MMDC's mining area:

We assure our stakeholders that MMDC is compliant to laws and regulations. MMDC is ready to respond any orders or letters from DENR as soon as received.

Very truly yours,

Diane Madelyn Ching
