Attention: **Ms. Janet Encarnacion**
Head, Disclosure Department

Dear Ms. Encarnacion:

We refer to the Philippine Stock Exchange's ("PSE") request for clarification of the news article under Manila Bulletin (Online Edition) entitled "Marcventures eye higher nickel ore shipment this year at 2.04 million WMT" posted on 04 June 2021. The article reported in part that:

"Marcventures Mining and Development Corporation (MMDC), a subsidiary of listed nickel miner Marcventures Holdings Inc. (MHI), is targeting to ship 2.035 million wet metric tons (WMT) of nickel ore this year, higher than the 1.732 million WMT it shipped in 2020.

In a statement, MMDC said that for the current year, it is looking at shipping 2.035 million WMT of both saprolite and limonite ore.

....

In October last year, MHI President Isidro Alcantara, Jr. said MMDC is working on the expansion of its mine site in Surigao del Sur. The company is likewise planning to pursue and operate two bauxite mines in Samar.

Alcantara said MHI had set aside a combined amount of nearly P2.8 billion to bankroll all of these ventures.

...."

We wish to clarify that Marcventures Mining and Development Corporation's (MMDC) target for 2021 as to higher nickel ore production and shipment is a result of operational efficiencies, improved mine planning, and better price outlook, which is seen to open up opportunities to ship out low grade ores.

There are no definitive developments to date as to MHI's Bauxite projects or expansion of its Surigao Minesite through its other subsidiaries. The Company is still completing its pre-development stage specifically on permit procurement including the ECC.

Reference No. MHI_LEG_OC2021_009

We hope we have sufficiently provided clarification on the matter.

Very truly yours,
